SCHOOL REPORT.

TO THE CITIZENS OF THE TOWN OF NOTTINGHAM:—

The annual report of the Board of Education for the year ending March 1, 1890 is herewith respectfully submitted.

The work of the year has in most respects been accomplished in a most satisfactory manner. The teachers deserve your fullest confidence and support.

The rate of perfect attendance has increased from the past two years and we call on the parents to see that it continues to increase until there is no absences except by sickness.

The attention of the Board, has been called to the condition of the school property, in the district, they find the foundation of the Square School house is anywhere but under the sills and needs immediate repairs.

The North Summer School house is not suitable for school purposes, is not worth repairing, but needs a new house.

The out building at the Gebig School needs repairing very badly. The Bean Hill School, has not much of a house, measures should be taken by the district to make some change for the better, in that part of the district it appears that something might be done better than repair the house where it now stands.

The houses of the Independent & Upper Turnpike Schools, need repairing to do honor to our common school system.

The rest of the houses are in better repair, but need a coat of paint and some of them new seats.

George E. Smith	}	Board
Rufus E. Tuttle		of
Edward F. Gerrish Jr.		Education.
